OVERVIEW

GO T3170x DS is a high performance, full-solution 24-inch 4-color CMYK professional dye sublimation system. The GO T3170x offers superb high resolution imaging up to 2400 x 1200 dpi and fast print speeds of up to 34 seconds for A1/D sized prints in ultra high quality mode utilizing its MicroTFP printheads. In addition, the GO T3170x DS printer uses GO's SubliMate™ TFP dye sub ink which offer outstanding and vibrant color transfer output.

The GO T3170X DS System includes a printer, four 140ml CMYK dye sub inks, two rolls of 24" x 328' dye sub papers, software bundle and a support plan.

IDEAL APPLICATIONS

Application possibilities include production of polyester-based items for dye sublimation transfers such as small format apparel transfers, mousepads, mugs, cups, lanyards, caps, hats, tags, coasters, socks, plates, masks, head bands, key chains and more.
